

## Brainstorming & Idea Prioritization Template

|                      |                                      |
|----------------------|--------------------------------------|
| <b>Date</b>          | 04 July 2026                         |
| <b>Team ID</b>       |                                      |
| <b>Project Name</b>  | A Comprehensive Measure of Wellbeing |
| <b>Maximum Marks</b> | 3 Marks                              |

### Step 1: Brainstorm and Idea Listing

Each team member lists out as many ideas as possible without judging them at this stage.

| S.No | Team Member        | Idea / Suggestion                                            | Category | Group No. |
|------|--------------------|--------------------------------------------------------------|----------|-----------|
| 1    | Syed Sania Sultana | Predict Human Development Index (HDI) using Machine Learning | AI/ML    | 1         |
| 2    |                    |                                                              |          |           |
| 3    |                    |                                                              |          |           |
| 4    |                    |                                                              |          |           |
| 5    |                    |                                                              |          |           |
| 6    |                    |                                                              |          |           |

### Step 2: Idea Prioritization

Rate each grouped idea on feasibility and importance, then select the final idea(s) to move

Forward with

| Group No. | Final Idea                            | Feasibility<br>(High/Medium/Low) | Importance<br>(High/Medium/Low) | priority | Selected<br>(Yes/No) |
|-----------|---------------------------------------|----------------------------------|---------------------------------|----------|----------------------|
| 1.        | HDI Prediction using Machine Learning | High                             | High                            | 1        | Yes                  |
| 2.        | Future HDI Forecasting                | Medium                           | High                            | 2        | No                   |
| 3.        | Country Well-being Dashboard          | High                             | Medium                          | 3        | No                   |
